Dear Sir/Madam,

I am writing you to apply to the position of Front End Developer. My 12+ years of experience as a Front End Developer for EyeforWeb, Sapient and Accenture have honed my CSS3 and HTML5 skills, as well as my knowledge of mobile and responsive design.

My professional experience includes bringing the wireframes of the UX designer to life through HTML5 and CSS3, as well as collaborating with Back End Developers to create a stellar finished product. I think my skills and experience makes me a great fit for Vodafone. I am even not only bother about the Visual how it look to the use, even have experience on ADA Compliance, Performance, and long usability of code.

Almost from 9+ years i am working on Commerce capability (Salesforce Commerce Cloud) as a Front End Lead/Architect.

Technical Skills:

- SFCC/SFRA - Salesforce Commerce Cloud
- HTML, CSS - SCSS, Bootstrap, Foundation, BEM methods in CSS
- Optimisation of CSS for performance
- JavaScript - Vanilla JS, JQuery, React
- Build Compilation Tools: grunt, gulp, webpack
- Mobile-First, Responsive Design
- Cross Browser Testing & Debugging

Here are some of my most relevant qualifications and accomplishments:

SFCC 9+ years of experience in different organisation (EyeforWeb, Sapient, Accenture) Crafted various website features using HTML5 CSS3 and JavaScript for well known brands like

- Pandora - Current Company
- Abercrombie & Fitch
- Loreal Lancomes
- Diesel
- Beats by Dre
- Nars, Baremineral - Shiseido Group

Sincerely,
Naresh Kumar
